MATCH YOUR LIFESTYLE WITH OUR WINDOWS

Tempered safety glass is used for all window options. Our range allows your canopy to match your lifestyle whether that be on site, on the farm or around town.

Internal LED Light keeps your canopy accessible no matter the time of day or night.

Security Mesh keeps your gear safe and secure or stops your pets poking their noses out the window.

Colour Coded to match the colour of your canopy to your vehicle.

Roof Rack Mounts carry your load on the canopy roof, with load rated roof racks.

CUSTOMISABLE

Truly make your Crown Canopy your own with our extra options.

Add features that will make your canopy an extension of your vehicle and your lifestyle.

LOAD WITH CONFIDENCE

Adding roof racks to your Crown Canopy is easy, all our canopies are rated to carry up to 100kg in accordance with the Australasian standard AS 1235; 2000.

So it doesn't matter if it's a ladder, bike or kayak you can load your canopy with confidence.

MADE IN NEW ZEALAND FOR OVER 30 YEARS

Born and raised in New Zealand we have designed and built our Crown Canopies to master the harsh chill of the deep south to the dense bush of the far north.

100% New Zealand owned we have become one of New Zealand's leading manufacturers and distributors of accessories for light commercial vehicles, including utes and vans.

We specialise in building the only fibreglass canopy with a 100kg certified load rating in the country, we are built strong and built to last.

Exporting globally we are spreading yet another example of great kiwi ingenuity to the world.
