MAKING KIWI CANOPIES FOR OVER 30 YEARS

On the cutting edge of canopy design, Crown Canopies are engineered from a fibreglass shell to provide greater strength and durability than a plastic canopy. Painted with eco friendly water based paint the Crown Canopy has a glossy, flawless finish to complement the vehicle.

FEATURES

- Heavy duty 5mm fibreglass construction.
- UV resistant high-gloss gel coat finish.
- Strong 100kg load rating.
- Water tight storage space.

SLIDING WINDOW

Ideal for dog owners who require ventilation and the casual user who needs a secure space.

LIFT UP WINDOW

The essential window for tradesman, giving complete access to the tray of the vehicle.

FLUSH WINDOW

Featuring an all glass trim that gives the canopy a snazzy modern look.

SECURITY WINDOW

The perfect window option for accessibility and security using a solid fibreglass cut out.

REMOTE LOCKING

Integrated into the vehicle's electrical system, the Crown Canopy rear door locks and unlocks with the factory vehicle remote, for simple click and lock security. Using slam latch technology, the canopy rear door can be closed with no manual latching required.

FEATURES

- Keyless single handle access to your canopy rear door.

FABRIK ELECTRO COAT

In our state of the art and custom-designed facility, the Crown Canopies interior surface is robotically coated with a specially formulated binding agent. We then apply millions of fine electrostatically charged micro fibres onto this surface for a dense and plush finish.

FEATURES

- Highly durable, weather-resistant and colourfast material.

RAINRUNNER

Using a combination of a flexible injection moulded corner radius, and a custom extruded centre section, water can be channelled across your door opening and away from the interior of your vehicle. Allowing you to work with your canopy rear door open in heavy rainfall.

FEATURES

- Easily installed as an upgrade to the Crown Canopy range.

THE HARD WEARING ALUMINIUM HARD LID

The Defender Hard Lid converts the tray into a secure storage space. No more filling up the back seat with dirty tools, gear or supplies. Have everything within reach, with all angle access to the tray and easy opening with an efficient unlocking system.

FEATURES

- Easily removed.
- 2.5mm layer checkered aluminium.
- Black powder coat exterior.
- Greater opening angle.

ALUMINIUM EXTERIOR

Hard wearing aluminium checker plate exterior provides a stylish and durable finish.

GREATER OPENING ANGLE

All access, 47° opening angle for easy accessibility to the tray of the vehicle.

POP LOCK SECURITY HANDLE

Efficient single handle double lock security system recesses into the lid for subtle accessibility.

OPTIONAL CARGO RAILS

Load rated Cargo Rails provide carrying capacity for the Defender Hard Lid.

INNOVATIVE RETRACTABLE HARD LID

The premium retractable tonneau cover, sleek design and an ultimate finish, with the colour option of anodized aluminium or black powder coat exterior. Providing unparalleled access due to it's effortless roll away design.

FEATURES

- Anodized aluminium exterior.
- Multiple locking positions.
- Non-Drill Clamp on system.
- High quality components.

ALUMINIUM EXTERIOR

Lightweight aluminium roll cover that adds style and appeal to your vehicle.

LOCKABLE WITH TAILGATE

Provides a high level of protection from the elements and keeps your belongings safe and dry.

NON-DRILL CLAMP ON SYSTEM

The Mountain Top Roll uses an easy clamp on system to leave your vehicle free of marks.

HIGH QUALITY COMPONENTS

Manufactured in Denmark, the Mountain Top Roll is built to OEM technical standards and quality.

EGR ROLLTRAC

ELECTRIC ROLLING HARD LID

The first roll cover to fully integrate with the vehicle's electrical system, the RollTrac's smart ECU provides smooth and safe operation, while also preserving your battery. All-aluminium external construction is ready for the harshest conditions.

FEATURES

- Single touch buttons on both sides of the vehicle.
- Integrates directly with central Locking.
- Stop and lock the roll cover in any position.
- Anti-pinch system protects you from injury.

SMART TECHNOLOGY

The RollTrac is pre-programmed with operating software specific to your vehicle application.

TOUGH

Finished in scratch-resistant lightly textured black powder coat, also UV Stable and will not fade.

ELECTRIC ROLLING LID

The RollTrac Electric model integrates to your vehicle's remote central locking as standard.

INTERIOR LIGHTS

Internal LED automatically lights your load area, giving visibility in dark conditions

BOTT DRAWERS AND SHELVING

Built from steel and wrapped in automotive carpet, the dual drawers extend effortlessly along a rolling track, providing two heavy duty and lockable storage spaces, capable of holding 100kgs each. When fitting a canopy, two steel shelves can be installed.

FEATURES

- Drawers dynamically rated to 100kgs each.

BED SLIDE TRAY

The Bed Slide is the perfect solution to accessing the ute bed and sliding everything out from under a canopy, tonneau cover or hard lid. Holding 450kgs evenly distributed, simply grab the handle and pull, and the Bed Slide rolls everything out.

FEATURES

- Additional storage and tie down accessories.

TJM SNORKEL

Fitting a snorkel means air supply is drawn from roof level providing cooler and cleaner air to the engine, which means greater fuel efficiency and less clogging of air filters. Providing hassle-free air induction when immersed in dust and getting you through deep water crossings.

FEATURES

- Engineered to supply the correct volume of air or better to the engine.
