MAKING KIWI CANOPIES FOR OVER 30 YEARS

On the cutting edge of canopy design, Crown Canopies are engineered from a fibreglass shell to provide greater strength and durability than a plastic canopy. Painted with eco friendly water based paint the Crown Canopy has a glossy, flawless finish to complement the vehicle.

FEATURES

- Heavy duty 5mm fibreglass construction.
- UV resistant high-gloss gel coat finish.
- Strong 100kg load rating.
- Water tight storage space.

SLIDING WINDOW

Ideal for dog owners who require ventilation and the casual user who needs a secure space.

LIFT UP WINDOW

The essential window for tradesman, giving complete access to the tray of the vehicle.

FLUSH WINDOW

Featuring an all glass trim that gives the canopy a snazzy modern look.

SECURITY WINDOW

The perfect window option for accessibility and security using a solid fibreglass cut out.

REMOTE LOCKING

Integrated into the vehicle's electrical system, the Crown Canopy rear door locks and unlocks with the factory vehicle remote, for simple click and lock security. Using slam latch technology, the canopy rear door can be closed with no manual latching required.

FEATURES

- Keyless single handle access to your canopy rear door.
-

FABRIK ELECTRO COAT

In our state of the art and custom-designed facility, the Crown Canopies interior surface is robotically coated with a specially formulated binding agent. We then apply millions of fine electrostatically charged micro fibres onto this surface for a dense and plush finish.

FEATURES

- Highly durable, weather-resistant and colourfast material.
-

RAINRUNNER

Using a combination of a flexible injection moulded corner radius, and a custom extruded centre section, water can be channelled across your door opening and away from the interior of your vehicle. Allowing you to work with your canopy rear door open in heavy rainfall.

FEATURES

- Easily installed as an upgrade to the Crown Canopy range.

THE ORIGINAL UTE LINER WORKS HARDER

With 30 years of experience bringing the highest quality liner to the world, the Tuf Dek Liner gives renowned usability and protection to the wellside. Manufactured from high-density polyethylene the Tuf Dek Liner is virtually impossible to crack or break.

FEATURES

- Over rail design fits both the Defender Hard Lid and Crown Canopy.
- Utilises the factory tie down points.
- Fits the Core Trax tie-down system for extra security.

HARD WEARING PROTECTION

The high-density polyethylene construction of the Tuf Dek Liner is virtually impossible to crack.

UNIQUE TAILGATE JAMB

Prevents dust from entering the bed and fully enclosing the tailgate. Model dependent.

FACTORY TIE DOWN POINTS

Any factory tie down points are accessible with the installation of a Tuf Dek Liner.

MAXIMUM BED SPACE

Keep as much of your bed as accessible as possible while providing durable ute protection.

BEDRUG[®]

NEXT GENERATION BEDLINERS

You get the look and comfort of carpet, as well as a hard wearing non-slip TPO floor. That means not only will it protect your truck bed from impact dings and damage, but it will also stand up to the harshest conditions you can throw at it.

FEATURES

- Includes a built in hinge to prevents debris falling between the bed and tailgate.
- Allows full access to any factory tie downs.
- Installs in minutes with a no drill application

IMPACT ABSORBING

19mm of padding provides painless entry and impact absorbing protection.

NON-DRILL INSTALLATION

Provides a scratch free finish for the ute that installs with hook-and-loop fasteners.

INTEGRATED TAILGATE GUARD

Prevents debris from collecting in the opening between the tray and the tailgate.

ANTI-SKID

Anti-skid TPO material prevents tools and loose items from excessive sliding around the tray.

THE HARD WEARING ALUMINIUM HARD LID

The Defender Hard Lid converts the tray into a secure storage space. No more filling up the back seat with dirty tools, gear or supplies. Have everything within reach, with all angle access to the tray and easy opening with an efficient unlocking system.

FEATURES

- Easily removed.
- 2.5mm layer checkered aluminium.
- Black powder coat exterior.
- Greater opening angle.

ALUMINIUM EXTERIOR

Hard wearing aluminium checker plate exterior provides a stylish and durable finish.

GREATER OPENING ANGLE

All access, 47° opening angle for easy accessibility to the tray of the vehicle.

POP LOCK SECURITY HANDLE

Efficient single handle double lock security system recesses into the lid for subtle accessibility.

OPTIONAL CARGO RAILS

Load rated Cargo Rails provide carrying capacity for the Defender Hard Lid.

INNOVATIVE RETRACTABLE HARD LID

The premium retractable tonneau cover, sleek design and an ultimate finish, with the colour option of anodized aluminium or black powder coat exterior. Providing unparalleled access due to it's effortless roll away design.

FEATURES

- Anodized aluminium exterior.
- Multiple locking positions.
- Optional Cargo Carriers and Sports Bars.
- Non-Drill Clamp on system.

ALUMINIUM EXTERIOR

Lightweight aluminium roll cover that adds style and appeal to your vehicle.

LOCKABLE WITH TAILGATE

Provides a high level of protection from the elements and keeps your belongings safe and dry.

OPTIONAL SPORTS BAR

The addition of a sports bar provides a polished or powder coated black extension to the lid.

OPTIONAL CARGO CARRIES

Load rated Cargo Rails provide carrying capacity for the Mountain Top Roll.

EGR ROLLTRAC

ELECTRIC ROLLING HARD LID

The first roll cover to fully integrate with the vehicle's electrical system, the RollTrac's smart ECU provides smooth and safe operation, while also preserving your battery. All-aluminium external construction is ready for the harshest conditions.

FEATURES

- Single touch buttons on both sides of the vehicle.
- Integrates directly with central Locking.
- Stop and lock the roll cover in any position.
- Anti-pinch system protects you from injury.

SMART TECHNOLOGY

The RollTrac is pre-programmed with operating software specific to your vehicle application.

TOUGH

Finished in scratch-resistant lightly textured black powder coat, also UV Stable and will not fade.

ELECTRIC ROLLING LID

The RollTrac Electric model integrates to your vehicle's remote central locking as standard.

OPTIONAL ACCESSORIES

A Sports Bar Adapter Kit allows use of the OEM Sports Bar and racking options.

GIVE YOUR VEHICLE A TOUCH OF FLARE

Using existing vehicle attachment points and specifically designed hardware. These Fender Flares are CAD designed to have a simple no-drill fitment and replicate the look of standard factory fitting options, to fit each vehicle application precisely.

FEATURES

- No drill fitment leaves your vehicle free of holes and other lasting marks.
- Meets NZTA aftermarket modification standards.
- Made from UV stable plastic.

NO-DRILL FITMENT

Designed to have a simple no-drill fitment and replicate the look of standard factory fitting.

EXCLUSIVE DESIGN

Each vehicle model has an exclusive CAD designed flare, to replicate the look of the vehicle.

UV STABLE PLASTIC

100% rust proof and UV resistant, won't fade over time in the harsh NZ sun.

NZTA STANDARDS

Meet the "NZ Transport Agency" aftermarket wheel protrusion modification standards.

The logo for 'bott' is displayed in white lowercase letters on a green square background.

VEHICLE SHELVING AND STORAGE SYSTEM

Built from steel and wrapped in automotive carpet, the dual drawers extend effortlessly along a rolling track, providing two heavy duty and lockable storage spaces, capable of holding 100kgs each. When fitting a canopy, two steel shelves can be installed.

FEATURES

- Drawers dynamically rated to 100kgs each.
- 320mm deep shelves hold plastic storage bins.
- Automotive carpet creates a soft usable surface.
- Free space above drawers system.

QUANTUM SIDE STEPS

These euro style running boards are the ideal accessory to add a black accent to a vehicle. Featuring black anodised step treads and custom end caps they provide effortless entry to the vehicle, convenient access to the roof and lower body protection from mud and stones.

FEATURES

- Built from aluminium and anodised black for style and protection.

BED SLIDE TRAY

The Bed Slide is the perfect solution to accessing the ute bed and sliding everything out from under a canopy, tonneau cover or hard lid. Holding 450kgs evenly distributed, simply grab the handle and pull, and the Bed Slide rolls everything out.

FEATURES

- Additional storage and tie down accessories.

TJM SNORKEL

Fitting a snorkel means air supply is drawn from roof level providing cooler and cleaner air to the engine, which means greater fuel efficiency and less clogging of air filters. Providing hassle-free air induction when immersed in dust and getting you through deep water crossings.

FEATURES

- Engineered to supply the correct volume of air or better to the engine.

SWING CASE TOOLBOX

Built to last from lightweight, high impact, ABS plastic, SwingCase is tough, weather resistant and custom fitted to your ute. A moisture resistant seal, lockable lid and impact absorbing ABS plastic material provides a dry and secure storage space for your valuable tools or gear.

FEATURES

- The Swing Case can carry up to 34kgs of tools or gear.
